

## **CALIFORNIA EMISSION CONTROL WARRANTY STATEMENT YOUR WARRANTY RIGHTS AND OBLIGATIONS**

The California Air Resources Board and ILMOR High-Performance Marine are pleased to explain the emission control system warranty on your 2009 sterndrive/inboard engine. In California, new sterndrive/inboard engines must be designed, built and equipped to meet the state's stringent anti-smog standards. ILMOR High-Performance Marine must warrant the emission control system on your sterndrive/inboard engine for the periods of time listed below, provided there has been no abuse, neglect or improper maintenance of your sterndrive/inboard engine.

Your emission control system may include parts such as the carburetor or fuel injection system, the ignition system, and catalytic converter. Also included are selected emission-related hoses, belts, connectors and assemblies.

Where a warrantable condition exists, ILMOR High-Performance Marine will repair your sterndrive/inboard engine at no cost to you, including diagnosis, parts and labor.

### ***Manufacturer's Warranty***

Select electronic emission-related control parts from model year 2009 and later sterndrive/inboard engines are warranted for 3 years or 480 hours, whichever occurs first. Select mechanical emission-related components are warranted for 1 year or 50 hours of operation, whichever occurs first.

Warranty coverage based on the hourly period is only permitted for engines that are equipped with hour meters as defined in § 2441(a)(13) or their equivalent. If any emission-related part on your engine is defective under warranty, the part will be repaired or replaced by ILMOR High-Performance Marine.

### ***Owner's Warranty Responsibilities***

As the sterndrive/inboard engine owner, you are responsible for the required maintenance listed in your owner's manual. ILMOR High-Performance Marine recommends that you retain all receipts covering maintenance on your sterndrive/inboard engine, ILMOR High-Performance Marine cannot deny warranty solely for the lack of receipts.

ILMOR High-Performance Marine may deny you warranty coverage if your sterndrive/inboard engine or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

You are responsible for presenting your sterndrive/inboard engine to an ILMOR High-Performance Marine service center as soon as a problem exists. The warranty repairs will be completed in a reasonable amount of time, not to exceed 30 days.

If you have any questions regarding your warranty rights and responsibilities, you should contact ILMOR High-Performance Marine, LLC at 1-734-456-3600.

### ***General Emissions Warranty***

ILMOR High-Performance Marine must warrant that the engine is:

Designed, built, and equipped so as to conform with all applicable regulations adopted by the Air Resources Board pursuant to its authority in Chapters 1 and 2, Part 5, Division 26 of the Health and Safety Code; and free from defects in materials and workmanship that cause the failure of a warranted part to be identical in all material respects to that part, as described in the engine manufacturer's application for certification.

### ***Exclusions***

Failures other than those resulting from defects in material or workmanship are not covered by this warranty. This warranty does not extend to emission control systems or parts which are affected or damaged by owner abuse, neglect, improper maintenance, misuse, misfueling, improper storage, accident and/or collision, the incorporation of, or use of, unsuitable attachments, or the unauthorized alteration of any part.

This warranty does not cover the replacement of expendable maintenance items made in connection with required maintenance service after the item's first scheduled replacement as listed in the maintenance section of the product Owner's Manual, these products include, but are not limited to spark plugs and filters.

**DISCLAIMER:** This warranty is applicable only where the California emission control system warranty regulation is in effect.

### ***Emission Control System Warranty***

ILMOR High-Performance Marine will warranty mechanical emission-related components for 1 year or 50 hours of operation, whichever occurs first; and electronic emission-related control parts for 3 years or 480 hours, whichever occurs first.

***Mechanical Emission-Related Components Warranty***

<b>Systems Covered by this Warranty:</b>	<b>Parts Description:</b>
Fuel Metering	Pressure regulator Intake valves
Air Induction	Intake manifold Air filter*
Ignition	Spark plugs* Ignition coil
Lubrication	Oil pump (includes internal parts)
Positive Crankcase Ventilation (PCV)	PCV valve Oil filler cap
Exhaust / Thermal Reactor System	Exhaust manifold (tailpipe not included) Exhaust valves
Evaporative	Carbon canister Fuel tank Low-permeation hoses
Miscellaneous Items **	Hoses Clamps Fittings Tubing Sealing gaskets or devices Mounting hardware Pulleys Belts

\* Covered up to the first required replacement only. See the Maintenance Schedule in the Owner's Manual.

\*\* Covers emissions related components only.

***Electronic Emission-Related Control Parts Warranty***

<b>Systems Covered by this Warranty:</b>	<b>Parts Description:</b>
Fuel Metering	Fuel injectors
Ignition	Electronic ignition system
Miscellaneous Items	Camshaft position sensor Crankshaft position sensor Engine coolant temperature sensor Intake air temperature sensor Knock sensor Manifold absolute pressure sensor Throttle position sensor Electronic Control Unit Electronic Throttle Control

**Note:** This list applies to parts supplied by ILMOR High-Performance Marine and does not cover parts supplied by the equipment manufacturer. Please see the original equipment manufacturer's emissions warranty for non-ILMOR parts.
