Subject to the exclusions and limitations below, Ilmor warrants that all Ilmor Products purchased from Ilmor or its authorized dealers and distributors will be free from defects in material and workmanship under normal use, operation and maintenance for the duration set forth on the Ilmor Warranty Chart for the particular Ilmor Products. A copy of the Warranty Chart is available at <http://www.ilmor.com/en/marine/recreational/warranties-manuals.aspx> or from your authorized Ilmor dealer.

The above warranties shall commence from the date of purchase by a recreational retail purchaser. In the event that the Ilmor Products are used in conjunction with a demonstrator or boat show display, the warranties begin from the earlier of (i) the date of delivery to the retail purchaser or (ii) such time as the boat installed with the Ilmor Products attain more than fifty hours of use (regardless of the source of such use). The repair or replacement of parts or the performance of services by Ilmor or its dealers or distributors during or after the warranty period will not extend the term of this warranty beyond the warranty period in the Ilmor Warranty Chart or as provided above for limited corrosion warranty coverage. Ilmor’s sole and exclusive obligation under the above warranties is limited to (i) repairing or replacing the defective Ilmor Products using new or Ilmor certified re-manufactured parts or (ii) refunding the purchase price of the Ilmor Products, at Ilmor’s sole option. Ilmor reserves the right to improve or modify Ilmor Products from time to time without assuming any obligation to modify products previously manufactured.

Warranty Registration and Transfer

Ilmor warranty coverage is available only to users who have properly registered their Ilmor Products with Ilmor and to those Ilmor Products for which full payment has been received by Ilmor or its dealer or distributor. In order to give effect to this limited warranty, you and/or your Ilmor dealer or distributor must complete Ilmor’s warranty registration card at the time of sale or register online at the warranty registration page at www.ilmor.com within thirty (30) days of delivery. Warranty registration cards should be submitted to Ilmor at the following address:

If you do not receive the warranty registration verification within thirty (30) days, please contact Ilmor or your selling dealer or distributor immediately. Warranty coverage begins either at the time of purchase or first use in service (as provided above) but warranty claims will not be processed until your Ilmor Products are registered with Ilmor.

You may transfer the unused portion of your Ilmor limited warranty provided that your product is registered with Ilmor and you provide Ilmor with a written notice of transfer identifying (i) the Ilmor Products being transferred, including

model and serial number, and (ii) the name, address and telephone number of the transferee. Such notice, together with a copy of the Bill of Sale or Purchase Agreement with the subsequent owner, must be mailed within fifteen (15) days of the sale to:

Upon processing of the transfer request, Ilmor will send a warranty registration verification to the new owner which will be deemed to cover the unused portion of the original purchaser's limited warranty. Warranty claims by a subsequent owner will not be processed until the transfer of the Ilmor Products is registered with Ilmor.

At the time of warranty transfer, Ilmor may require an inspection of the Ilmor Products at an authorized Ilmor dealer or distributor, at the subsequent owner's expense, to verify the condition of the Ilmor Products. If any Ilmor Products cannot pass inspection, Ilmor may reject the transfer of this warranty. Any approved transfer of the warranty will not extend the warranty term.

Warranty Claims Procedure
